

## NOLAN RANCH CINSAULT

Nolan Ranch is located in the newly-formed Alisos Canyon AVA, in between the Santa Ynez Valley and the Santa Maria Valley regions. With its well-drained sand and loam soils, this diverse, 100-acre property is a perfect site for growing elegant Rhône varietals such as Cinsault.

150      *release date:* dec. 2024      *ageability:* 5+ years      *retail price:* \$50

Aromas of underripe raspberry and strawberry, with hints of white pepper, mingle on the nose. The palate is vibrant yet refined, showcasing notes of cherry cola, red currant, and a touch of herbal sage. Defined yet fine-grained tannins, along with bright acidity, make it a versatile pairing with both lighter and fuller-bodied red meat dishes, as well as tart black fruits and hard cheeses.
